

ASSEMBLY ADVICE:

- In case of needing it, bend parts can be straightened by applying hot air.
- Sprues can be cut with model pliers and sanded easily
- Pieces can be glued with cyanoacrylate glue.
- Paint can be applied directly on the resin, or if preferred, after a prime coat.

ASSEMBLY: ❶ First we make the horse and leave the reins apart. ❷ We glue the rider's legs to the saddle. ❸ We take the chest and glue it to the legs as well as the arms to the chest. ❹ We take the hand of the banner and glue it to the arm as well as the mast that is on the left leg (NOTE: If it does not fit well, apply a little heat with help of a hairdryer). ❺ Assemble the standard and attach it to the knight's hand as well as to the horse's back. ❻ Lastly, we assemble the banner's ribbons, the rider's head and the reins.
